

The Library of Congress'

EARLY STATE RECORDS PROJECT

converted from the original microfilm held by the
Vincent C. Immel Law Library, Saint Louis University

through the generous support of a grant from the

Council on Library and Information Resources

This document contains handwritten text that may be partially illegible due to age, penmanship, or deterioration of the medium. LLMC has scanned the material in the same format and page order in which it is maintained in the source document taken from the collection "Records of the States of the United States of America, a microfilm compilation."

Joseph Walker Esq

Sir — In compliance with your request I herewith furnish you written statement of the reasons for declining to receive the 23rd Volume Texas Reports

Executive Office
Austin Dec 9th 1864

W. C. Phillips
Secretary of State

Sir, A few days after I came into office in August 1864 Mr Joseph Walker Publisher of the Gazette at this place called at this office and asked if the 23rd Volume of the Texas Reports would be received and paid for by the present Government if he should go on & publish it. I asked him what progress had been made with the work — he replied that the manuscript copy had been delivered to him by the reporters — that he had procured the paper for it and was about to commence printing it.

Whereupon I told him the present Government was provisional only and as far as I was concerned I should do nothing but what was necessary for the preservation of Peace & good order in the State and to keep the Government in operation — That the funds in the Treasury were small & would all be needed to pay the necessary expenses of the provisional Government and a convention if one should be called — That the publication of the reports was not an immediate necessity and could well be delayed until we had a constitutional Government. That he had better not go on with the publication for this would not be received and paid for by the present provision about

With Great Respect
(Signed) E. M. Pease

Being informed by the Governor of the notice given you not to publish the reports I have not considered the work before me for decision. The law requires the new volumes be presented to the Secretary of State before he is required to pass his opinion as to its being printed in accordance with the specifications of the law.

When the matters at issue contained in the

The 25th volume is not equal in all respects to
the volumes furnished by Moore & Walker. The
22nd & 23rd & 24th volumes of Texas Reports are
superior specimens of book making. The
paper of the 25th is less firm & substantial, the
bindings were inferior to that of the 22nd 23rd & 24th
The typographical execution of the 25th I consider
very respectable but inferior to that of the other volumes

Hon Mr. C. Phillips

Sir In compliance with your request of the 9th inst. we have examined the copies sent us of the 22nd 23rd & 24th and 25th Volumes Texas Reports, and our judgement is that the 25th volume published by Richard S. Walker is not equal to in all respects to the 22nd 23rd and 24th volumes published by Moore & Walker, and we judge it to be deficient in the following particulars —

- 1st The binding of the 25th volume is far inferior to that of the others; The leather is quite inferior in quality and the boards are not so firmly attached to the body of the Book as are the boards of the 22nd 23rd & 24th Volumes
- 2nd The paper of the 25th volume is of inferior quality. It is soft & spongy compared with the paper of the other volumes —
- And 3rd The typographical execution of the 25th Volume is not so perfect as that of the others submitted for inspection — all through the book the letters generally present a blurred appearance which is not seen in the copies of the 22nd & 23rd & 24th examined by us.

Very Respectfully
Yours, Chas. Pratt

General - I am in receipt of your communication of the 5th inst. enclosing petition of Richard S. Walter to Maj. Genl. W. S. Hancock concerning the 25th volume Texas Reports

Very truly, Dear Sir, A. S. Reynolds

Austin Texas Jan 8th 1868

Respectfully referred to W. C. Phillips Secy of State of Texas who will please report as to whether the petitioners Mr Richard S. Walter has complied with the law referred to in the petition

(Signed) S. J. Reynolds

Hon. Maj. Genl. S. J. Reynolds

In order to an intelligent understanding of the duties responsibilities and want of discretion of power relative to reports of the decisions of the Supreme Courts, I hand you herewith the Act of the 11th Legislature of State November 12th 1866 pages 189-190-191 defining minutely & imperatively the manner in which said reports shall be finished. This is the law & the only law by which I am to be governed in receiving or rejecting the 25th volume Texas Reports. The 22nd 23rd & 24th volumes Texas Reports are those published by Moore & Maxson to which reference is made in said Legislative act requiring the 25th volume to be of at least equal quality in every respect. The Act of Nov 12th 1866 provided for the purchase of four hundred copies of the 25th volume and appropriated the sum of \$4 dollars per page species for as many pages as shall be contained in one copy of each volume delivered & when done in the State and for \$2 dollars per page when done outside the limits of the State. There are 364 pages in the 25th volume which would cost the State for copies at the rate of \$4 per page for 400 copies the sum of twelve \$400 dollars per copy. This discriminating tariff and princely appropriation has made to encourage the location of the work at home and to pay most liberal to have the work done in all respects fully equal to the 22nd 23rd and 24th volumes - (Over)

The 25th volume Texas Reports is bound in "Shiver" split leather imperfectly tanned badly finished the leather being rough and the boards are believed to be pasted on while the 22^d 23^d & 24th volumes are bound in very superior sheep skin and the boards are lacced on which makes the 22^d 23^d & 24th volumes much more valuable & durable.

The general finish & binding of the 25th volume is greatly inferior - One of the copies submitted for examination (the said ten copies being certified by Richard S. Hackett the fair samples of the ballances of 400 copies) is so rough & badly dressed that it has the root cropping out very handsomely on the back of the Book - The paper on which the 25th volume is printed is greatly inferior to the paper in the 22^d 23^d & 24th volumes being coarser, rougher thinner (spongy) softer & written.

The typographical execution of the 25th volume would not be objectionable if done on paper equal in quality to the 22^d 23^d and 24th volumes - but is greatly inferior to said reports on account of the poor quality of the paper the figures and letters being in many places though the work blotted or blurred.

To be more fully satisfied of the correctness of my judgment as to the general defective character of this work I solicited statements from Gen^l C. M. Davis Gen A. I. Hamilton James W. Bell late Chf Justice of this State Amos Merrill the present Chf Justice Dr W. N. Lane Col^l J. H. Allen: Rev. Shadrach McKee Maj^r A. W. Songler, Serrano Palm Prof^r C. C. Sturges Hon^{ble} Jas. Spence Com^r Gen^l Serrano Office James A. Foster (practical printer) and Col^l Geo. L. Wagner, &c Texas Cases. See statement "A".

For these reasons I certify Mr Richard S. Hackett has not complied with the law governing the publication of the 25th volume Texas Reports. I therefore decline receiving the 25th volume and issuing certificate.

Wm. Healdens Esqr
Secretary of Board Pilot Comm^{rs}
Corpus Christi

The acts of the Legislature April 19th 1846
and Sept 26th 1866 embrace the rules for action upon
1st at least all the information we have
2^d When a vessel refuses a Pilot and refuses to
pay him half Pilotage the Consignor is responsible
if there is no Consignor a Court of Admiralty
would give you the right to attach vessel
but having no such court your recourse must
be to the United States Court in this State. Our
legislature in this respect I agree to say defective
3^d The Board of Pilot Comm^{rs} are authorized to
decide on the qualifications of any branch or
apprentice Pilot, and they are authorized after
due hearing of accusation testimony and
defense to suspend such Pilot if sufficient
cause appears, and during such suspension
he shall not be allowed the services of the over

functions of his office —

The Governor has power to remove or discontinue any branch Pilot at his pleasure. The propriety of a Pilot making a bargain to draft in a vessel by signals is hanging stake if accepted by the Council would now relieve the vessel from the payment of half Pilotsage, but as the adoption of such a system by a branch Pilot is a matter that should be determined by the Com^{tee}. The act of April 30th/46, defines the duties of new Masters and provides that they shall in each County be controlled by the Board of Pilot Commissioners or in default of said board by the County Judge.

General The Hon M. C. Hamilton
 in strictures attached to application made by the
 Secretary of State for the payment of salary
 for the month of Nov^r 1867 among other things
 says - "The uniform rule for more than thirty years
 has been to pay Commissioned Officers generally only
 quarterly - See Paper E."

In relation to this statement I present the
 statement of Wm James H. Raymond who was
 Treasur of the State from the date of annexation 1846
 to the latter part of 1858 nearly thirty years and of
 Major G. R. Holmes who was comptroller of Public
 accounts succeeding the administration closing

 the State and continuing in office for six years

In reply to your note of this date I have to state that I was Treasurer of the State from July 1846 to Nov^r 1858 and there was no uniform rule concerning the payment of the Salaries of Heads of Dept^s. If they applied for it, they were paid monthly which was I think generally the case, and I think the records of the Treasurers Office will show this - It was the rule of the office to accommodate all claimants as far as possible when no injury could result therefrom to the State.

Yours Truly
(Signed) James H. Raymond
Austin Dec^r 12/68

Wm. H. C. Phillips
Sec of State - Sir -

In reply to your note of to day - I held the office of Comptroller for 22 years and during that period Salaries of State Officers were paid as desired either monthly or quarterly. It had been the custom to pay for even less than one month, this however was discontinued, but the privilege of drawing monthly was attended to all during my term of office.

Very Respectfully
Yours Obedt Servant
(Signed) C. R. Johns

In addition to the above testimony I have given herewith statements taken from the records of the Treasurers Office (all I could obtain) beginning in 1852 & closing in 1866, the years 1858 1860 and 1865 not procurable when I applied for this information. From this statement embracing all payments made to Secretaries of State I could get from the records of the office it will be seen there are six quarterly payments

and sometimes (199) monthly payments more or less - generally monthly - often less than monthly see paper "C". If custom & the records of the Treasury Department constitute a general rule or law in the absence of specific legislation the uniform rule is demonstrated to be the reverse of that stated by the Comptroller - The same day the Comptroller, refused to issue warrant to Judge Merrill & the Secretary of State he issued warrant for the payment of the Commissioner of the General Land Office and Judge Sweeney (of the Supreme Court) and on the 2nd Dec^r he issued warrant to Judge Caldwell of the Supreme Court - two days after the establishment of this rule - His rule of action seems to be the refusal to pay one Head of Dept and the payment of another, one Judge of the Supreme Court, and the payment of two.

The Comptroller gives as an additional reason for not issuing warrant for the payment of salaries monthly the want of Clerical force & the pressure of business in his office. His Clerks Messrs Hines and Hunt have had time during office hours to go to Bartons thirty six (36) miles to attend a public meeting and make public speeches intended to disparage the loyalty of Gen^l Davis, and other leading Union men see paper B which gives the proceedings of what is called Republican Mass Meeting at Canton Oct 19th/64. The resolutions passed at the Bartons meeting are substantially the same (I have not the copy before me.)

Three of the Hon^l M^{rs} C. Hamiltons employees have found time to issue the following Circular to the Uncompromising loyalty of Davis printing see paper B and to leave no doubt as to who is meant by the term of a few designing politicians &c &c. I have a good copy of written communication from H. O. Hunt Chief in the Comptrollers office designating Gen^l Davis Judge Bell Col Warren the Superior Court of the State see paper C. It is respectfully suggested that the time consumed by these employees in the Comptrollers office in holding public meetings issuing circulars and making long communications misrepresenting the best men in the State, and making forgery (see)

in office hours to attend a public meeting making speeches and introducing resolutions in the Republican party would afford ample time to make out warrants for the monthly pay of Heads of Departments

The Comptroller of Public accounts is placed in office by oblige and not obliges the public, he is the servant & not the master of the people

Having shown the rule to be the reverse of that claimed by the Comptroller I respectfully request that he be caused to pay monthly the Salaries of Heads of Departments

I have the Honor to be
Very Respectfully

Paper, B, accompanying above

A mass meeting of Republicans was held at Austin on Saturday evening Oct 12th of which David W. C. Hunt was elected chairman popular addresses were delivered by several able speakers & the following resolutions were passed unanimously by -

Resolved that it is the belief of this meeting that the full free discussion of all questions of justice & policy among us should in every way encouraged that the members of the Republican party should be made fully alive to the great issues of the day by frequent public meetings and by the formation of Republican Clubs in which freedom of discussion & liberty of thought will be encouraged in a true Republican spirit - That the Provision Bill of a Majority of the Loyal Citizens may be fully expressed and faithfully carried out by their

(Over)

public representatives whose power & ambition should be to be strictly servants of the people.
 11. Whereas the so called laws now being enforced through out the State were made by rebels in armed hostility to the Government of the United States and whereas the Constitution & laws attempted to be made since the overthrow of armed rebellion are built upon false distinctions created by rebels lamenting over the lost cause in order to render the rebellion respectable & vindicate the supremacy of rebel rules and are in conflict with the Constitution of the United States.

And whereas these pretended laws are of no legal vitality and are of no binding force upon the inhabitants of the State let it be resolved.

1st That all pretended laws enacted in Texas since the commencement of the rebellion and now against the United States Government, which Congress has never declared to be ended now from the beginning and are null & void.

2^d That we will support no man as a candidate for the Convention to be held in Texas who does not believe as stated in the foregoing resolutions & who does not pledge himself to maintain to the best of his ability that none of the pretended laws referred to have been made valid through the non action or by force of the implied recognition of the Military Commanders of Texas or of the fifth Military Dist.

3^d That it is the belief of this meeting that Geo. C. W. Hamilton fully endorses the principles embodied in these resolutions & in view of his former services to this State we hereby declare that we will not make any further efforts to have him nominated as the Republican candidate for the Convention from Travis County.

4th Resolved further That the secretary forward a copy of the proceedings of this meeting to Geo. C. W. Hamilton with the request that he will allow his name to be placed in nomination & that copies of these resolutions be sent to the legal printer of Texas for publication.

 Secy. Texas State Meeting

Paper "C" accompanying foregoing -
 To the Uncompromising, loyalist of Union. Greeting
 The loss of our common Country, and our devotion to
 human liberty inspire us with a heartfelt desire
 that all freedom may be preserved, that the rights
 of loyal citizens may not be warped by rebel laws,
 that our Republican principles may not be endangered
 by establishing the precedent that rebels have a right to
 make laws which have no legality in themselves, which
 have not been recognized by the Congress of the United States,
 and which were only maintained by rebel legions &
 which have been & can only be sustained by friends of
 the rebels, and men who will sacrifice union - our
 bleeding Country for lucrative office & personal ambition.
 Men who will give up the fruits of victory which have been
 purchased by millions of treasure & oceans of blood.

All uncompromising Union men desire all rebel
 laws annulled from the beginning - except forever from
 the Statute books. Some of our "would be leaders"
 who now occupy high positions of honor & trust
 oppose this great principle & the Supreme Court has
 decided in opposition to it. But when the loyal
 voters elect members to a Convention, we are confident
 they will vote for no man who will not pledge himself
 to use his best endeavors to have all rebel laws &
 traces of the rebellion done away with - as the
 people who are not influenced by office bribery
 or political ambition, would prefer never to have our
 state reconstructed in preference to being reconstructed on
 a basis of rebel laws which are invariably to the prejudice
 of Union men, and which contain seeds liable to spring
 up in discussions and war.

Loyal men see with great regret that after designing
 politicians who will cling to the past state of party.
 Men & boys of the nation of the country are now laying plans
 for their own aggrandizement, on the risk of winning the
 Congress & again placing it in the hands of rebels.

This has not been expected from men whom the "Radical
 Party" (so called) placed in power; but it seems that
 the holding of office is more fully, commercial in its
 influences & the future hangs up in the imagination of these
 gentlemen with bright prospects for those who can carry
 a few Union votes and all the rebels. This temptation
 (over)

have been too strong and our "Hounds be leaders" have succumbed to it and are now preparing to sell the uncompromising and true Union men of Texas to the rebels for a mass of postage for themselves - We pray God that such a calamity may now befall us - but when it does come we feel assured that the loyal Texans will rise in their strength & overthrust the scheming machinations of all "Indians" to their Country; will rise as did the loyal North to preserve the integrity of the Union & complete the triumph of our citizen soldiers at the ballan box as in the field against the hydra-headed monster rebellion

Sir - Contrary to the expectations and wishes of the uncompromising Union men of Texas, and in opposition to the views so strongly urged by all Union Delegates to the Convention of 1864. Some of those who have been placed in high positions are using every means at their command to validate abnoxious rebel legislation. How much more important it may be to contemplate yet such is the nature of truth coming with a shock to the loyal mind & hence realized creating alarm and apprehension as to the future. I have only to refer to the Declaration of Gov. Davis and the decision of the present Supreme Court to substantiate the assertion - among those who oppose the Ab Initio principles in the announcement of the rebel laws from the beginning are Gov. Davis, Judge Bell (who was Chief Justice during the war) Col. Hughes the members of the Supreme Court which were carefully selected

and packed with references to this Special question a few more petrified Patitioners and Subscribers office holders who are seen trimming and Compromising for Conservative support. These men with declarations of assent free discussion upon this important question of such vital interest to loyal men and having such a prominent bearing upon the future prosperity of the State when a class of men, politicians attempt to stifle free speech, and keep the people in ignorance of political issues the settlement of which affects the interest of the whole people, it at once excites suspicion as to the honesty of motive prompting such action. It is the old style indulged in previous to the late war.

It does not require much sagacity to fathom their purposes. The Supreme Court has already put itself on record, deciding the laws passed since the adoption of the Ordinance of Secession to be in force except when in violation of the Constitution & laws of the United States. From the stand point thus made we can see what their future action will be.

It will be exceedingly mortifying to these men if the coming Convention makes a clean sweep by declaring the Rebel laws all null & void.

There is a feeling among loyal men here that the power & patronage of office will be used to control the convention hence the cry against the discussion of the question before the people. These men say it will be the means of dividing the Republican party and consequently of defeating Reconstruction. To be restored on a basis of Rebel laws would be a great calamity to Union men. If Reconstruction is defeated it will be a misfortune due to the subiquity of those who are now trying to fasten these laws upon the Country. The loyal masses of the Country cannot be blamed as if they always have a well understood question with them that all Rebel laws were to be declared Null & void from the beginning. You are deathly fully partial with the laws passed by the Confederate legislature: an argument is used here against their total abrogation: that it
"Over"

would create confusion resulting in injury to a certain class of citizens. They fail to point out wherein this would be the case. The same Convention that amends the Rebel laws can take up those cases wherein such trouble might arise and by a special Ordinance make them valid. It is the principle that we are contending for & that loyal men desire to have carried out. They want this large lump of the Rebel Government recognized only as a mob incapable from its very nature and designs of making binding laws. It is of the utmost importance to Union men that such should be the case. It is enough that the Rebels should be allowed to remain here and hold property without being subject to the effect of their laws hereafter. It affects loyal men and the interest of the State in various ways. We were laws passed during the war although not in conflict with the Constitution of the U States yet are prejudicial in their character made expressly for Union men. The enterprises & resources of the State are also tied up and all the charters being monopolized by leading Rebels. The evil of Rebel Legislation is great. That which would result in the abrogation of the laws but a myth in comparison it is Union men we now want to protect.

As to the ultimate result I have no fears if with the light & warning we have before us, we are active and vigilant. The loyal masses understand the issue when it is presented intelligently before them and instinctively decide which is the correct course to pursue. In fact I do not think Peace & Co's influences in this matter extend far outside of the Capitol if we except a few hungry Politicians & office holders who do not think they gain ground (of course the Rebels are delighted with their views). We are fully alive here to the importance of the issues now before the country. Our last Saturday night was a large and enthusiastic meeting held in Boston. Our speeches were well received & heartily endorsed. Resolutions on the ab Lincoln question were presented and

unanimously carried the people are with us. The object to be kept steadily in view is the election of reliable sound Union men to the Convention who will not be influenced by the seductions of power & who will boldly stand up for the principles embodied in the Republican Platform. Every thing has been cheering thus with the exception of the difference that has been springing upon the at Antioch question. The discussion of the question openly has so far been confined mainly to this vicinity. People in other portions of the State have as yet not opened their eyes to facts as they exist here & the position our Union leaders have assumed but when they do come to view the situation in its true light they will not hesitate to decide rightly. I would be pleased to hear from you of how political affairs are in your section. The resolutions enclosed have been passed by several of the Union Leagues and heartily endorsed at Public Meetings.

Joseph Glenn Esq
Clerk County Court
Bastrop, La

On examination of the records
of this Department, I find W. B. High Smith was
elected Clerk of the County Court of Bastrop County
August 25th 1860. Qualified Aug 27th 1860 & was commissioned Aug
28th 1860. He was again elected Clerk of the County Court
Aug 2nd 1862. Qualified Aug 23rd 1862 & was commissioned Sept 9th
1862. He has qualified in 1860. Mr Smith has to take the
following oath: I do solemnly swear or affirm that I
will faithfully & impartially discharge & perform all
the duties incumbent on me as County Clerk according
to the best of my skill & ability agreeable to the Constitution
& laws of the United States &c &c

He has qualified in 1862 by virtue of his election as County
Clerk he has to swear that he will faithfully & impartially
discharge & perform all the duties incumbent on him as Co. Clerk
according to the best of his skill & ability agreeable to the
Constitution and laws of the Confederate States &c &c

The fact of election in 1862 presumes the setting
(over)

The office and the qualifying was unquestionably a voluntary act.

The 24th March 1868 W. A. High Smith declares that he has neither sought nor accepted or attempted to exercise the functions of any office whatever under any authority or pretended authority in hostility to the U.S.

Now you High Smith could take the best oath with the above record is more than I can comprehend. Yours attention is respectfully called to these facts.

I received your letter of the 28th of March this morning. in reply to your question as to whether Mr. Dickenson is County Clerk or Mr. Ed. Halsey. I will say that the Register in this Department shows that Mr. Dickenson resigned and of course he is not County Clerk unless he was again elected. This Department does not show that he was again elected but that was the 15th Oct. 1866. Mr. Ed. Halsey was duly elected qualified and commissioned and of course is the legal County Clerk provided he has filed his bond in accordance with the law. Your recommendations will receive prompt attention.

In reply to your favor of the 10th inst
concerning payment from the State for various
requisitions the State of Mississippi for the month
of Apr. 1868 - The State never pays for failure
to deliver rogues from Austin to the County Officers
where which said requisition is procured, and there
is no law for payment unless a reward has been
offered by the Governor of the State. I believe payment for
the delivery of Criminal has been made in a few
instances under special legislation. I regret the same
does not allow your reimbursement.

We have no provision or appropriation made by the State to furnish Stationery, and I know of no immediate remedy. You should be able to force the collection of fees sufficient to run the machinery of your Department until relief can be had. On proper representation the Comptroller of the Fifth Civil Dist might make an order for the levy & collection of Special Tax. Secretary of State

To the Public

Department of State
Austin Texas July 21st 1868

The 13th inst I addressed the following communication
to the Hon S. D. Evans viz

My attention has been called to a speech of yours
in the Convention on Sanctions & crime in which
you say "Already is there opened in the State

Department a secret recruiting office for the
enrollment of Negro troops"

(Mr Caldwell how interrupted denying the charge)
Judge Evans "I refer the honorable gentleman to the
members of the Convention who have been called
on to furnish their quota of names of negroes for
his militia"

My information of your general character is, that
you will not wilfully misrepresent any man. I
therefore conclude said one has practiced upon your
credulity, and respectfully request your authority
for the grave charge preferred.

The 16th inst I addressed the following
communication to the Hon S. D. Evans viz The 13th
inst I addressed you a communication calling you
(over)

attention to that part of your speech charging the Department of State with being a secret recruiting office for the enrollment of "negro troops" and of having called on members of the Convention to furnish their quotas of names of negroes for his militia."

To this communication asking for your authority, you made no written reply, but when called on this morning in person, you have requested me to deny in writing the charge.

I deny that I have as Secretary of State, on other wise, been engaged "Secretly or Openly" in recruiting negro troops, or in their enrollment and I deny having called on members of the Convention to furnish their quotas of names of negroes for his (my) militia.

"Your published speech has been sent broadcast making a most serious charge, and I trust you will find it convenient without delay to answer this communication."

To these communications I have no reply other than stated. This speech of Mr O'Connell was written for publication in the Bulletin by himself, and was not furnished by the reporter of the Convention, and is different from the speech delivered in the Convention. The charge was therefore deliberately made against the Department of State, and the falsehood contained in said speech the more inexcusable.

An honest man and a gentleman is always willing to correct a misrepresentation or to give when called on the evidence to sustain his statements. Mr O'Connell has done neither. I am therefore compelled to take the only course left for my vindication, which is to pronounce that part of his speech above quoted a false and malicious slander.

Austin,

The Capital Monument is in a very dilapidated condition, several pieces are missing, others are detached, and the rock out of which the Monument is constructed is more or less displaced.

To repair and preserve by putting the Monument securely together, supplying lost pieces and encase with a plain sand architectural iron railing will cost according to the estimate of Mr Allen (Market Worth Office) 1368. The Monument cost the State I believe 3000\$. and the amount necessary to preserve it will have to be appropriated by the Commanding Officer of the 3^d Military Dist.

 Judge W. B. Huggs
 Account Pleasants
 Titus County
 Sir:

The new County of
 Titus is bounded as follows: Beg: at a point at the junction
 of Heart's Creek with Cypress Bayou in Titus Co.
 Thence with the meanderings of said Cr. to the Heart's Creek
 Bridge and Turnpike.
 Thence due North to the Sulphur Fork of Red River.
 Thence with the meanderings of said Stream to a point
 3 Miles East of the N. W. Corner of Davis Co.
 Thence due South to the line of Marion Co.
 Thence along the line of what is now Marion & Davis Counties
 to Cypress Bayou and Thence with the meanderings of said
 Bayou to the place of beginning.
 These Declarations of the Convention creating new Counties
 have no legal force or effect.

The Commanding General of this Military Dist. could give such
 acts vitality by his approval, but he will not do so.
 Should the Texas Legislature ratify these acts they would then have
 legal effect. The probabilities are that all the Ordinances and
 Declarations of the Convention will be submitted to the public for
 ratification or rejection.

No one can regret the mistake made by Mr. Perry (the Clerk of this Department more than myself) causing the removal of Mr. Rochester and the appointment of Capt. J. C. Connor. All clerks and officers are liable to make mistakes. I believe Mr. Perry as free from that sin as any clerk or officer in any of the Departments.

In a communication from C. E. Morse, Capt. and Aid-de-Camp, Secretary for Civil Affairs, to the Secretary of State, dated August 27th 1869, this Department of State is officially notified that Seymour White, Attorney for the 15th Judicial District qualified August the 3rd 1869. No such appointment was ever made. In this case the mistake was recognized in this office and the error corrected.

In communication from the Secretary for Civil Affairs June 19th 1869 Aug 3rd 1869 Aug 7th 1869. We have notice for 1st date that J. Wadsworth appointed District Clerk of Travis County qualified June 7th 1869. He never qualified at that or any other date. The second date we have notice that W. H. Van Dorn was appointed County Commr. June 23rd 1869 and qualified July 26th 1869. He was appointed and qualified as Commr. - Galveston Co.

Aug 7th 1869. Notice that Caswell Burk was appointed County Clerk of Angelina Co. June 23rd 1869. He was appointed and qualified as District Clerk. The official notices of the 3rd & 7th Aug are made by Capt. Bainbridge, July 19th 1869. Notice that S. E. Masterson was appointed Co. Atty for Galveston Co. June 7th 1869 and qualified July 2nd 1869. The proper name was Branch S. Masterson and was so given in the Order appointing.

I do not furnish these mistakes in any spirit of criticism, but to show that all Departments are liable to err. - The Secretary for Civil Affairs trusted in these cases to the accuracy of his clerks: I did the same.

W. C. Philips. Dear Sir: For the A/c. current rendered for purchase for the Executive Mansion in this State there is one A/c. missing, or not rendered. It is for a chair purchased after the general A/c was rendered. Please send this A/c and with it statement of balance on hand which balance you will please place to credit of Secretary of State as the expenditure is made by that Office by law. I can then draw for that amount to settle A/c. with Comptroller.

 Sir:

The proof of the death and delivery of Coulton Baker has never reached this Office.
 It will be necessary to get the reward to furnish affidavit of the killing and affidavit of the party to whom he was delivered. It will be necessary to apply in person or give a Power of Attorney duly authenticated to draw the money from the Treasury.
 The affidavit should state from personal knowledge who killed and who delivered Baker, and if more than one did the killing authority should be presented by all the parties interested in the reward.

The Chickasaw, Choctaw and Muscogee
Indians are very small bands of Indians who have been justly
and disposed to our national pursuits since the day of the
Republic's birth. In their legislative measures these nations
did not interfere. On 18th. Feb. a law was passed, authorizing
the President to appoint an Agent for the Chickasaw and Choctaw
Indians, appointing Mr. James H. Smith as Agent for the Chickasaw
and the Choctaw. In the same law, Special Cases IX Chap. CXVI,
Sec. 139, of the 10th. passed supplemented Act making the
Salary of said Agent or Agents, one thousand Dollars in each year
and the making the Muscogee Indians, under the 10th. Sec. 139, of the
10th. passed in part to have been appointed. Mr. H. Smith as Agent
for the Chickasaw and Choctaw. The appointed Agent for the Chickasaw
and Muscogee Indians, Mr. James H. Smith, was appointed and appointed
of Gov. Ross, Texas, in 1847, to qualify, & to him the present law and
it was enacted, & was an act.
